Sections Name	No. of Questions	Type of Questions	Duration
Verbal Reasoning	23	Critical Reasoning, Reading Comprehension	45 minutes
Quantitative Reasoning	21	Algebra, Arithmetic	
Data Insights	20	Data Sufficiency, Table Analysis, Multi-source Reasoning, Graphics Interpretation, Two-Part Analysis	

# SYLLABUS DETAILS

## *Verbal Reasoning*

The GMAT Focus Edition excludes Sentence Correction and emphasizes the following topics:

### 1. Reading Comprehension

- Comprehend the underlying concept of the passage (approx. 350 words).
- Understand critical ideas and relationships between entities.

### 2. Critical Reasoning

- Evaluate arguments structured as debates with five possible answers.
- Identify elements that affect, strengthen, or weaken the argument.
- Rationally assess arguments and choose the most feasible solution

## *Quantitative Reasoning*

The GMAT Focus Edition includes questions only from Arithmetic and Algebra, excluding Geometry.

### Arithmetic Topics

- Properties of Integers, Fractions, Decimals, Real Numbers
- Ratio and Proportion, Percentages, Powers and Roots
- Descriptive Statistics, Counting Methods, Discrete Probability, Sets
- Profit and Loss, Discount

## Algebra Topics

- Simplification of algebraic expressions
- Solving linear equations with one unknown
- Solving equations through factoring

### Data Insights

This section evaluates analytical and data interpretation skills. An on-screen calculator is provided.

## QUESTION TYPES

- Data Sufficiency
- Multi-Source Reasoning
- Table Analysis
- Graphics Interpretation
- Two-Part Analysis

Candidates must interpret data in various formats, analyze complex information, and derive meaningful insights.
